## DO YOU NEED A POWER OF ATTORNEY?

Many members have concerns about what will become of their families or their businesses if something happens to them. Choosing a person to

serve as power of attorney (POA) can help protect assets and provide for family members in an emergency. Among the things a POA can do are organize financial paperwork, manage your bank account, sell assets such as a car, apartment or house; transfer your business or sell it, and more. Contact us today to learn if this tool is right for you!
